2. Attached is a copy of the Technical Report from the Contractor covering the work during Phase II of the project. This report has been submitted at what has been considered the termination of Phase II of the project. Development is now held in abeyance pending a decision to enter Phase III of the program.

3. It is the recommendation of TSS/ED that Phase III be entered into at this time and it is requested that authorization for such action be granted. In order to expedite this action, the project engineer is available for any questions you may have on this work.
